## Dental Assisting Curriculum Framework Product Purchasing Guide

This guide outlines the recommended DANB and DALE Foundation products include in the Dental Assisting Curriculum Framework. Please use this guide to build your budget and purchase products online or request a quote.

[DALE Foundation Products](#)

[DANB Products](#)

Important notes regarding purchasing DALE Foundation products for your dental assisting program, team members, or yourself:

- Learners have access to DALE Foundation products for six months.
- To purchase for students or staff, your DANB/DALE Foundation account will be set up with privileges that allow you to buy for others, assign courses to others, and track course progress. At the time of purchase, instructions to assign course and track course progress will be provided.
- DANB and DALE Foundation products must be purchased on a per learner basis, one per each student or team member. At the time of purchase and again when launching courses, the purchaser and learner must agree to the DALE Foundation's Product Agreement and agree to not copying, sharing, or broadcasting course content and not sharing DANB/DALE Foundation login information.
